

# MAKE YOUR PITCH PERFECT: 3 SESSIONS TO MAKE YOU PITCH PERFECTLY

## **Session 1: Less is more**

Based on your own presentation you will extract the essence of your story. What exactly do you want to tell? Based on the principle 'less is more' we provide knowledge and insight to create sharp & distinct focus on the elements that make your narration unique.

## **Session 2: Authenticity is key**

Authenticity is essential to a tantalizing tale. That doesn't imply that you can't stretch expressive capabilities. Through theatre exercises we will enlarge your comfort zone. By playing with dramatic pauses, emphasis and movement you experience what your range is and what impact it has on your presentation when you apply it.

## **Session 3: Owning the stage**

Posture, breathing, and 'owning the stage'. In this session you will learn handy techniques to feel comfortable in front of an audience and automatically speak more quietly and clearly. We will give tips and tricks to reduce stress and provide tools to be the boss on stage. The session with your presentation.
