

## Sabri Kalay - Erasmus Experience in Düsseldorf

I am Sabri from Yildiz Technical University in Istanbul. I am so glad I've joined Erasmus in Düsseldorf. I am thankful to FH Düsseldorf that from my arrival to till my departure, they were so friendly and extra caring of international students.

International Office of FH Düsseldorf had a lot of organisations in a wide range which entertained us and helped us to learn about culture of Düsseldorf and Germany.

Düsseldorf is also very nice city with its cool Rhine River just by the old town. Beyond this, it has a really important geopolitical place which is close to other cities and countries. That's why I was easily able to visit many other cities.

Furthermore, I have had a lot of nice friends from all around the world. This is even enough reason to do Erasmus.
